

THE LOWDOWN ON ZERO EMISSIONS

A Can Do campaign for a more sustainable future for our country & our planet

Interested in moving to 100% renewable energy within ten years?

The Inner South SEE-Change* group invites you to a presentation from Beyond Zero Emissions (BZE) by Mark Spain of Global Learning on the ground-breaking plan for a comprehensive overhaul of the Australia's power supply.

BZE has prepared a plan of action to transform our energy systems to renewable technologies in just 10 years.

Question period follows talk

When Monday, June 6, 6-8pm

Where Manning Clark House, 11 Tasmania Circle, Forrest (up the hill from Manuka, plenty of parking)

Bring a plate if you can and a gold coin donation would be welcome

To RSVP and for details:

Val Brown, 6295 8650, valeriebrown@ozemail.com.au

OR

Karen Dahl, 0406 272 299, kada@netspeed.com.au

* SEE-Change: Changing society, economy and the environment towards a sustainable future.
